LifePath Hospice Bereavement and Support Group Programs

LIFEPATH
HOSPICE

A Chapters Health® Affiliate
Licensed Since 1983

After the loss of a loved one, some survivors may find the pain associated with their loss doesn't lessen with time. Individual grief counseling and support groups provide a safe place to express feelings, share experiences, learn about grief and move ahead in the process. LifePath Hospice provides various support groups and individual counseling. It is our hope that you will take advantage of the programs that best suit your particular needs and circumstances.

You don't have to be the loved one of a LifePath Hospice patient to participate in these support services. We are pleased to offer our programs to anyone residing in Hillsborough County who has experienced the death of a loved one. Preregistration is required for all offerings. For more information and to register for support groups, please call 813-877-2200 or visit the calendar at www.chaptershealth.org.
