Chapters Health System and Hope Healthcare Announce Final Affiliation Agreement

Combined Resource Provide Services for Residents in 34 Florida Counties

TEMPLE TERRACE, FL (March 3, 2023): Chapters Health System and Hope Healthcare jointly announce today the signing of a final affiliation agreement. Chapters Health is one of the nation’s premier not-for-profit, community-based healthcare organizations headquartered in Temple Terrace. Hope Healthcare is a not-for-profit organization recognized as a leader in providing comprehensive, coordinated care in southwest Florida.

“Our affiliation with Hope Healthcare will provide opportunities for both not-for-profit organizations to function more efficiently in today’s healthcare world,” said Andrew Molosky, MBA, FACHE, CHPCA, president and chief executive officer for Chapters Health. “The ability to gain economy of scale, intellectual capital and best practice while preserving brand legacy, board governance and executive presence is our collective future.”

“Affiliation with Chapters Health enables us to further Hope’s vital mission in an ever-evolving healthcare landscape. Through this relationship, Hope will continue its promise to provide comforting, compassionate care to everyone who needs our help for generations to come,” said Samira K. Beckwith, who will transition from her role as Hope president and chief executive officer into one where she focuses on policy, advocacy and advancing industry thought leadership for Chapters Health.

This affiliation is yet another opportunity for Chapters Health to preserve, as well as enhance, the not-for-profit end-of-life model of comprehensive, community-based care. It demonstrates the strength of Chapters Health’s unrivaled business model representing an elevation in not-for-profit, chronic illness care. With combined resources of all Chapters Health affiliates, healthcare services will be provided to residents in 34 Florida counties and four Georgia counties, allowing more than 72,400 lives to be touched annually.

“For Chapters Health, the most exciting part about the affiliation with Hope is it represents another step in elevating home and community-based, end-of-life care. If your organization wants to learn more about securing its future, we stand ready to assist. Let’s talk about what could be,” added Molosky.

About Chapters Health System

As a progressive leader and premier healthcare organization, Chapters Health System is dedicated to delivering innovative care throughout chronic illness progression and beyond. Since 1983 as a community-based, not-for-profit organization, Chapters Health has provided choices, education and guidance through its managed affiliates.
